PROJECTS

Ecommerce Web App - https://nextjs-ecommerce-ic05me34u-nicholas-ndolos-projects.vercel.app/
 Project description -This Next.js-based e-commerce website encompasses comprehensive functionalities for both admin and non-admin users. Authenticated administrators enjoy the privilege of adding, updating, and deleting products seamlessly. For all users, product viewing is accessible without authentication. However, to augment the shopping experience by adding products to the cart and placing orders, users must be logged in. The application seamlessly integrates the secure Stripe payment method for smooth and secure transactions. Explore the interactive shopping experience while administrators manage the product catalog effortlessly
